# Why choose **AMD?**

- Family ethos with staff and clients
- Turnkey MEP offering - Survey | Design | Install | Maintain
- Low carbon engineering capabilities
- Financially stable
- User friendly – non-contractual approach
- Repeat business front and centre of our vision

# ➤ AMD DESIGN

Our in-house design team both 2D CAD and 3D BIM solutions up to BIM Level 2 competency, we work with both Consultants and Contractors providing design and record drawings for a wide range of sectors.

- ➔ Water services - Domestic hot and cold-water services, boosted water services.
- ➔ Drainage design- above ground drainage
- ➔ Heating - boilers, ASHP, radiators
- ➔ Cooling- VRF/VRV, chilled water systems
- ➔ Mechanical Ventilation design
- ➔ Builders work
- ➔ Gas design
- ➔ Thermal modelling- provide a detailed thermal model to help provide accurate heat gains and losses.
- ➔ Plantroom design
- ➔ Small power services
- ➔ Lighting design
- ➔ TV/BT
- ➔ Fire alarm systems
- ➔ Security/access control
- ➔ Mains power distribution
- ➔ Cable calculations
- ➔ SBEM
- ➔ Coordinated layouts

# AMD MEP

We have the capabilities and over 50 years of experience to deliver a high-quality installation service nationwide. Below you can find a list of our services that we offer.

- HV/LV Distribution Systems
- Lighting
- Lighting Control
- Emergency Lighting
- Containment Systems
- Small Power
- Fire Alarm
- Disabled Refuge and Nurse Call Systems
- Security Systems
- CCTV Systems
- Structured Cabling
- Aerial and Satellite Distribution Systems
- AV/ Home automation
- EVC
- Earthing Systems
- Lightning Protection
- Photovoltaic system
- Testing and Inspecting
- Sprinkler
- BMS
- LTHW
- Chilled Water
- Ventilation
- Air Conditioning
- GSHP, ASHP, WSHP
- Drainage
- Boosted Cold Water Service
- Hot & Cold-Water Services
- Heating Services
- Gas Installation

At AMD FM we provide bespoke Facilities Management solutions for Retail, B2B, Hospitality, Private, Public and Health Sectors. We believe in listening to our clients to deliver the service they require, working collaboratively in delivering the perfect maintenance package for their needs. Our expertise in house means that we understand the requirements of the asset and maintain it through a mixture of both expertise and recommended industry standards.

- AC/Ventilation
- Electrical
- BMS
- Heating
- Plumbing
- Critical Power Supplies
- Fire Safety
- Full Asset Management
- Handyman

Asset Management Creation of comprehensive assets list to give you the client absolute piece of mind that valuable services and plant are maintained

SFG20 Maintenance PPM schedules aligned to SFG20 to ensure business continuity, safe systems and efficient use of energy

Plant Performance Analysis Provide reports of failures, trend analysis of which plant is failing and why it is failing to recommend further preventive maintenance or replacement schedules

# About us & WHO WE ARE

AMD Group is a nationwide MEP service provider who strive to deliver excellence to our clients. A combination of teamwork, integrity, innovation and sustainability has taken us on an incredible journey for over half a century and we feel the journey is just beginning.

With the solid foundations in place for sustainable growth and diversification, we will continue to build a future that is bright, exciting and resilient.

# Our **CORE** VALUES

We are committed to integrity, collaboration, innovation, and strive to create a healthier and more sustainable world. We tackle critical environmental challenges with a vision to accelerate progress to make the world a cleaner, greener, safer place for the next generation. The MEP building services involvement is front and centre of the whole process to achieve carbon net zero!

**A**ssurance of trust building

**M**aintaining the highest quality

**D**elivering nothing but excellence

“Raising standards with innovation and sustainable engineering excellence”

# Our **GEOGRAPHICAL** **REACH**

AMD's regional offices which support our onsite project teams enable us to service the whole of the UK, providing our clients a national service with localised delivery. This tried and trusted method of working means we can respond quickly and maintain a hands on approach with our projects.
